2. In winter time, press “” to turn off DST function, the DST will disappear, time will go backward one hour.

DST OFF
(DST DEFAULT VALUE:OFF)

DST ON
(1 HOUR FORWARD)

BATTERY OPERATED MODE

Install 3 "AAA" batteries (Not Included) into battery compartment, the screen will show 8 seconds and goes to sleep for saving battery. Touch the SNOOZE or press any buttons behind the clock to check your time within 8 seconds. The screen will stay on when you plug into the outlet.

NOTE:

In battery operated mode, clock has all functions except for USB charging your electronic devices.

USB CHARGING PORT

Connect a USB charging cable to charge your cellphone or other smart device.

TROUBLESHOOTING

1. Alarm doesn't go off at the set time?

- check if the alarm is set to AM or PM time;
- check if the alarm is turn on (alarm icon display on the screen).

2. Display doesn't light up?

- check if the power connection is loosed or not;
- change another working outlet to try again;
- slide the DIMMER knob to HIGH position in case the display is too dark to see;
- under the battery power, the screen will light up for 8 seconds only when you touch SNOOZE or press any buttons behind the clock.

3. Will the alarm goes off in battery operated mode?

Yes, the alarm will sound in battery operated mode.

4. How to turn off alarm daily?

When the alarm goes off, pressing any buttons at the back of clock will turn the alarm off until the next scheduled time.

5. How to turn off the alarm completely?

In the normal time display, you can turn the alarm off completely by single pressing the “” or “”. The alarm icon will be disappear when the alarm is disabled.
